SECTION 1: INTRODUCTION

The Missouri Department of Revenue (MODOR) accepts electronically filed individual income tax returns. This program is in conjunction with the Internal Revenue Service's (IRS) existing Electronic Filing System.

The Missouri return will be transmitted to the IRS with the taxpayer's federal data. The MODOR will then retrieve the State information from the IRS.

The purpose of this guide is to assist the software developer in preparing the tax data for electronic filing. Other publications from the MODOR and the IRS will explain the policies and procedures that will be a part of this program.

File specifications, layouts, and testing procedures follow the standards defined by the NACTP (National Association of Computerized Tax Processors). Developers who are not members of the NACTP are encouraged to review these standards. More information is available at: http://www.nactp.org/.

SECTION 2: OVERVIEW OF 2002 CHANGES (Please read carefully)

All changes will have 'Yes' and the date of the change in the far left hand column. All changes within that section will be bolded.

- 1. 043002. Fields 570 & 575 (Pharmaceutical Tax Credit) have been eliminated. The program has been placed under another state agency. The fields are now 'No Entry' fields.
- 2. 050202. Missouri will accept 'State-Only' returns. For various reasons, a State return may need to be transmitted separately from the Federal return. The IRS will do minimal up-front validation and forward the State return to Missouri.
- 3. 050602. Unformatted Record MO-A, Part 1. Added Field 045, 'Additions for Net Operating Loss'. This field was excluded last year, but due to Federal data which indicates a NOL this field is being restored.
- 4. 051302. Added Field 019 in Generic record. Value is 'SO' if record is a State-Only return otherwise blanks.
- 5. 051302. Added Field 077, 087, and 098 in Generic record. These fields are Address, City, State or Province, and Country for accepting Foreign addresses.
- 6. 062602. Added Field 032 in Generic record. Value is 1 if Routing/Transit number is found on Federal Master file. Value is 2 if Routing/Transit number not found on Federal Master file.
- 7. 080202. Re-arranged Generic record fields 410-430 to comply with changes to MO-1040. Missouri Standard Deduction or Itemized Deduction has been moved from Line 10 (2001) to Line 14 (2002). Lines 11 thru 14 (2001) are now Lines 10 thru 13 (2002).
- 8. 080202. Re-arranged Fields in Unformatted Record MO-A due to changes on Form MO-A. Part 2 (2001) is now Part 1 (2002). Added fields 080 and 085 for Line 4, Depreciation Adjustment. Part 1 (2001) is now Part 2 (2002).
- 9. 080502. MO-A Part 3, Pension Exemption, Lines 6 (Private pension) and 8 (Government pension) have been combined into one Field. Line 9 (Sub-total) has been eliminated, the data has been compressed into 8 lines.
- 10. 080502. MO-CR Changed line references due to change in form. Data content of form is unchanged.
- 11. 080502. MO-CRP, Added a separate check box (B) for Mobile Home lot. All other statuses move down.
- 12. 090302. Added Line 10 of MO-A Part 1, Missouri Depreciation Basis Adjustment, Fields 160 and 165. All other fields move down until after field 210.
- 13. 090602. Added Deceased Indicator to Generic record at Fields 305-25 for Primary and 305-26 for Secondary Taxpayer. Federal Form 1310 must be included in the Unformatted record and must meet IRS criteria for Deceased filer in ELF.
- 14. 090602. Changed filler of Field 305 48 to 46 to accommodate changes to #13 above.
- 15. 091702. MO-A, Field 135, other tax Description, removed verbiage pertaining to Nazi Holocaust
- 16. 092002. MO-A Part 3, Pension Exemption, Added Fields 325 and 330 for Maximum pension allowed. MO-A form lines are 7Y and 7S, making the total 9 lines.

SECTION 3: CONTACT PERSONNEL

State Record Layouts & Software Guidelines Joseph Ward, (573) 751-5492

E-Mail: Joseph Ward@mail.dor.state.mo.us

State E-File Coordinator Jerry Wingate, (573) 522-4300

E-Mail: <u>Jerry Wingate@mail.dor.state.mo.us</u>

Return questions or information Dwayne Rasmussen (573) 751-1973

E-Mail: <u>Dwayne Rasmussen@mail.dor.state.mo.us</u>

SECTION 4: ACKNOWLEDGEMENT SYSTEM

The Missouri acknowledgment system is designed to inform transmitters that the Missouri return has been retrieved and the return is being processed by the MODOR.

Upon receipt of the Missouri return from the IRS, the MODOR will generate a record and post the record for retrieval by transmitters.

Transmitters are encouraged to retrieve their acknowledgment records regularly. Transmitters should notify their EROs of the return's acceptance within five (5) working days after obtaining the acknowledgment.

NOTE: All transmitters will be allowed to perform state testing to ensure they can access and retrieve the state acknowledgment records.

SECTION 5: MISSOURI LIST OF EXCLUSIONS FROM FILING ELECTRONICALLY

- 1. Returns and schedules excluded by the IRS in Publication 1345, Section 18
- 2. Amended returns
- 3. MO-1040 with any miscellaneous credits (Form MO-TC)
- 4. MO-1040 with an Enterprise Zone Income Modification
- 5. MO-1040 with entry on Line 29:

Recapture of Low Income Housing Credit (Form 8611)

- 6. MO-CR with more than two states per taxpayer
- 7. If a taxpayer files a MO-1040 with a filing status of Married Filing Combined, but wishes to file a MO-PTS separately, it is recommended that the taxpayer file using a paper form. This situation would occur if the taxpayers were married but lived separately for the entire year (ex. One spouse was confined to a nursing home or managed care facility).

SECTION 6: GENERAL INFORMATION

The MO-1040 is the tax return document that will be accepted electronically.

Please note the following items:

- 1. Missouri will accept test returns beginning on Nov. 15, 2002. The testing system will be available through August 31, 2003. (Note: The beginning test date is subject to IRS availability and is subject to change. Notification will be given if the beginning test date changes. Testing outside the Fed/State retrieval system will be made available if necessary).
- 2. Please support all schedules, forms, and occurrences. It is important to customers and to the State of Missouri that customers are provided with a full range of services. (Note: If not supporting all forms, schedules, and occurrences, please inform the State of Missouri before the first test transmission).
- 3. A copy of the IRS's record layouts have not been included in this guide. This information is included in 'State Records' of the Internal Revenue Service Publication 1346, Electronic Return File Specifications and Record Layouts for Individual Income Tax Returns.
- 4. Data fields that do not require entry may be filled with spaces or zeros. Numeric fields should be zero filled and alphanumeric should be spaces.
- 5. Only whole dollar amounts should be entered on the MO-1040 return. When entering amounts (such as W-2s) where multiple amounts may need to be entered as a total, add the amounts together then round and enter it.
- 6. Percentage fields using the 12 character (11 numeric) fields will use the positions 9 through 11. No decimal point will be entered.

EXAMPLES:	100%	=	00000000100	49% =	00000000049
	27.43%	=	0000000027	10.5% =	0000000011
	7%	=	0000000007	6.2% =	0000000006

Note: Paper returns do allow for decimal places. If rounding figures on the Missouri return and schedules will significantly alter the tax or deduction, it is recommended that the taxpayer file a paper return.

7. When entering a return for a single taxpayer or a return with only one income, enter the amounts in the Y-Yourself fields.

- 8. Do not attach forms or schedules for which the taxpayer does not qualify or is not to their advantage (Ex. MO-PTS which exceeds maximum income or calculates to zero).
- **9.** Special instructions for Form MO-PTS and Form MO-CRP: If MO-CRP Field 025 is Status '5' (Low Income Housing, Line 8, Status E.), MO-CRP Field 035 (Line 9) cannot exceed 30% of MO-PTS Field 080 (Net Household Income, MO-PTS Line 10).
- 10. Federal Data A complete copy of the federal data must be included for use by MODOR. This information must be provided in the unformatted state records. The federal data should be identical to the IRS data with the exception of four characters. For these characters, a state record character should be substituted for the corresponding IRS value. The characters are as follows:

IRS CHARACTER	SUBSTITUTION CHARACTER	<u>ASCII HEX</u>	EBCDIC HEX
***	!!!!	21212121	5A5A5A5A
[{	7B	CO
j	}	7D	DO
#	\$	24	5B

Each of the unformatted state records will provide 60 lines, each of which is 80 bytes in length. All 60 lines should be used before another unformatted state record is added. Any unused space within the 80-byte data line should be filled with blanks.

The federal data may be formatted using the IRS formatting requirements for variable length records or the IRS formatting requirements for fixed length records. A flag in alphanumeric field #305 will indicate the format utilized. The values are as follows:

'V' – Variable format 'F' – Fixed format

To construct the federal data, the MODOR will emulate the IRS procedures. After the data in the 80 byte 'form data lines' of the unformatted record has been expanded and joined into records, the end result should be identical to the IRS data records.

The IRS will permit a maximum of nine unformatted state records to be included with a return. If the taxpayer's federal data requires more than nine records, the return is not acceptable for Missouri electronic filing.

The IRS Summary Record does not have to be placed in the unformatted state record. If it is included, it will not be edited or processed by the MODOR.

Please refer to 'Federal/State Electronic Filing Specifications' of the Internal Revenue Service Publication 1346, Electronic Return File Specifications and Record Layouts for Individual Income Tax Returns for a description of the unformatted state record.

- 11. Missouri will request a separate test for online systems. If the provider supports both a preparer or retail product as well as an online system, only one return will be required to be transmitted. This return should have the 'Online' indicator (Field 049) set. It is requested that the provider contact Missouri with a release date for the online product. Upon notification, Missouri will provide a link to the provider's website from the State website.
- **12.** Missouri will support filing of 'State-Only' returns. For various reasons, it is sometimes necessary for the State return to be sent separate from the Federal return. **Missouri requests that a copy of the Federal return be included in the Unformatted record.**

Section 7: Return edits and Generic Record Layout

Note: If a Field is new or changed, it will have a 'Yes' in the 'New?' Field. The description fields have been kept brief for readability. **The 'More Info?' box if for future use.**

Section 8: Missouri Unformatted Records

Missouri Unformatted records include all attachments to the MO-1040, as well as a full copy of the Federal return. The Unformatted Missouri records are variable in length. Please do not pad fields with zeroes or spaces. All Missouri Unformatted records should have the appropriate Generic Record Indicator set and should be complete, sending accurate data to the MO-1040, followed by the Complete Federal Return and schedules.
